

**The National Association of ADA Coordinators Fall Conference
October 22 - 25, 2018**

Co-host: The City of San Diego

We look forward to seeing you in San Diego!

For this fall, we've introduced an expanded conference format with new offerings, more break-out sessions, and combined track sessions which run concurrent with the traditional tracks – Employment; Access, Services and Design; and Higher Education.

We've added sessions to the traditional tracks: Employment; Higher Education; and Access, Services and Design. Sessions will address accessible health care, courts, housing, services for veterans, recreation facilities, fieldwork in higher education, accessible meetings, service and support animals, ticketing, and law enforcement. We've also expanded interactive case studies in areas like self-evaluation and transition plans, communication, and reasonable accommodations/modifications. And, you can also learn the basics of reading architectural plans.

But wait - there's more! You can also choose a pre-conference; network within your selected track on Tuesday during breakfast and take in tips from a panel of ADA coordinators.

1:00 - 2:00	<p align="center">EMERGENCY PREPAREDNESS: PART 1</p> <p>Hurricanes, earthquakes, fires, flooding from excessive rain, mudslides, chemical spills, acts of terrorism, lava flows! We live in perilous times. Emergencies and disasters can strike at any time and force evacuations from homes, workplaces, or campuses. This session will explore lessons learned from previous disasters, recent court cases and settlements, and how ADA Coordinators can ensure inclusion and full access for persons with disabilities.</p>	Mike Smith, Phong Nguyen, June Kailes, John Wodatch
2:15 - 3:15	<p align="center">EMERGENCY PREPAREDNESS: PART 2</p> <p>The session on how to ensure preparedness for dealing with emergencies and disasters continues. This session will address the many issues related to sheltering persons with disabilities in general population shelters, including service animals, access to medicine and health care issues, provision of personal cares services, durable medical equipment and similar issues, as well as transition to temporary or permanent housing from the shelter.</p>	Irene Bowen, June Kailes, Jim Bostrom, Mike Smith

TIME	Day Four - Thursday, October 25, 2018 ACCESS, SERVICES AND DESIGN TRACK	FACULTY
3:30 - 4:30	<p style="text-align: center;">HOW DO YOU DO THAT?</p> <p>You're not alone! Hear from – and ask questions of -- ADA Coordinators who face the same issues you face every day. We've assembled a group of experienced ADA Coordinators from state and local government agencies, colleges and universities, and other entities who will reveal the things they wish they had known early on, as well as their practical tips.</p>	<p>John Wodatch And panel of ADA Coordinators and Professional Associates</p>
